All other charges for the execution of the specified work, including supply of materials and related carriage, complete or finished in all respect should be to the entire satisfaction of the Engineer-in-charge of the work. No extra claim in this regard beyond the specified rate as per work schedule, whatsoever, in this respect will be entertained.

**C\_8 Authorized Representative of Contractor:**

The contractor shall not assign the agreement or sublet any portion of the work. The contractor, may however, appoint an authorized representative in respect of one or more of the following purposes only.

a) General day to day management of work.

a) To give requisition for Departmental materials, tools, & Plants etc. To receive the same and sign hand receipts thereof.

b) To attend measurements when taken by the Departmental Officers and sign the records of such measurements which will be taken as token of acceptance by the contractor. The selection of the authorized representative shall be subject to the prior approval of the Tender inviting Authority concerned and

the contractor shall in writing seeks such approval of Tender inviting Authority giving therein the name of work, Tender No., the name, Address and the specimen signature of the representative he wants to appoint and specific purpose as specified here in above, which the representative will be authorized for, Even after first approval, the Tender inviting Authority may issue at any subsequent date, revise directions

about such authorized representative and the contractor shall be bound to abide by such direction. The Tender inviting Authority shall not be bound to assign any reason for his revised directions. Any notice, correspondence etc. Issued to the authorized representative or left at his address, will be deemed to have been issued to the contractor.

**C\_9 Drawings:**

All works shall be carried out in conformity with the drawings supplied by this Department. The contractor shall have to carry out all the works accordingly to the departmental General Arrangement Drawing and Detail working Drawing to be supplied by the Department from time to time.

**C\_10 Serviceable materials:**

The responsibility for stacking the serviceable materials (as per decision of the Engineer\_in charge) obtained during dismantling of existing structure/roads and handing over the same to the Engineer\_in\_charge of work of this Department lies with the contractor and nothing will be paid on this account. In case of any loss or damage of serviceable materials prior to handing over the same to this Department, full value will be recover from the contractor's bill at rates as will be assessed by the Tender inviting Authority /Engineer\_in\_charge.

**C\_11 Unserviceable Materials:**

The contractor shall remove all unserviceable materials, obtained during execution at place as directed. The contractor shall dressed up and clear the work site after completion of work as per direction of the Tender inviting Authority /Engineer\_in\_charge. No extra payment will be made on this account.

**C\_12 Loss or damage Contractor's risk for:**

All risk on account of railway or road carriage or carriage by boat including loss or damage of vehicles, boats, barges, materials or labour, if any, will have to be borne by the contractor without any extra claim towards department.

**C\_13 Idle labour & additional cost:**

Whatever may be the reason no claim on idle labour, enhancement of labour rate additional establishment cost, cost of Toll and hire and labour charges of tools and plants, railway freight etc. Would be entertained under any circumstances.

**C\_14 Charges and fees payable by contractor:**

a. The contractor shall pay all fees required to be given or paid by any statute or any regulation or by law of any local or other statutory authority which may be applicable to the works and shall keep the department against all penalties and liabilities of every kinds for breach of such statute regulation or law.

b. The contractor shall save, harmless and indemnify the department from and against all claims, demands, suit and proceedings for or an account of infringement of any patent rights, design, trade mark of name of other protected write in respect of any constructional plant, machine, work materials thing or process used for or in connection with works or temporary works or any of them.

**C\_15 Issue of Departmental Tools and Plants:**

All Tools and Plants required for the work will have to be supplied by the Contractor at his own cost. All cost of fuel and stores for proper running of the Tools and Plants must be borne by the Contractor.

**C\_16 Realization of Departmental Claims:**

Any sum of money due and payable to the contractor (including security deposit returnable to him) under this contract may be appropriated by the Government and set off against any claim of Government for the payment of sum of money arising out of this contract or under any other contract made by the contractor with the Government.

**C\_17 Compliance of different Acts:**

The Contractor shall comply with the provisions of the Apprentices Act, 1961, Minimum Wages Act, 1848. Contract Labour (regulation and abolition) Act, 1970 and the rules and orders issued hereunder from time to time. If he fails to do so, Engineer\_in\_charge or of the concerned Authority may at his discretions, take necessary measure over the contract. The Contractor shall also make himself for any pecuniary liabilities arising out on account of any violation of the provision of the Act(s). The contractor must obtain necessary certificate and license from the concerned Registering Office under the Contract Labour (Regulation & Abolition) Act, 1970. The Contractor shall be bound to furnish the Engineer\_in\_charge all the returns, particulars or date s are called for from time to time in connection with implementation of the provisions of the above Acts and Rules and timely submission of the same, failing which the contractor will be liable for breach of contract and the Engineer\_in\_charge may at his discretion take necessary measures over the contract.

**C\_18 Safety, Security and protection of the Environment:**

The contractor shall throughout the execution and completion of the works and the remedying of any defects therein:

a. Have full regard for the safety of all persons and the works (so far as the same are not completed or occupied by the department)

b. Provide and maintain at his own cost all lights, guards, fencing, warning signs and watching, when and where necessary or required by the Engineer\_in\_charge for the protection of the works or for the safety and convenience of the public or others.

c. Take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods of operation.

d. Ensure that all lights provided by the contractor shall be screened so as not to interfere with any signal

light of the railways or with any traffic or signal lights of any local or other authority.

**C\_19 Commencement of work:**

The work must be taken up within the date as stipulated in the work order and completed in all respects within the period specified in notice inviting Tender.

**C\_20 Programme of work:**

Before actual commencement of work the contractor shall submit a programme of construction of work with methodology clearly showing the required materials, men and equipment. The contractor will submit a programme of construction in the pattern of Bar Chart or Critical Path Method and a time table divided into four equal periods of progress of work to complete the work within the specific period for approval of the Engineer\_in\_charge who reserves the right to make addition, alterations and substitutions to such programme in consultation with the contractor and such approved programme shall be adhered to by the contractor unless the same is subsequently found impracticable in part or full in the opinion of the Engineer\_in\_charge and is modified by him. The contractor must pray in writing showing sufficient reasons therein for modification of programme. The conditions laid down in clause 2 of the printed tender form regarding the division of total period and progress to work and the time table there for as provided in the said clause shall be deemed to have been sufficiently complied with the actual progress of work and does not fall short of the progress laid down in the approved time table for one fourth, half and three fourth of time allowed for the work.

**C\_21 Setting out of the work:**

The contractor shall be responsible for the true and perfect setting out of the work and for the correctness of the position, levels, dimensions and alignments of all parts of work, if any rectification or adjustment becomes necessary the contractor shall have to do the same at his own cost according to the direction of the

Engineer\_in\_charge. During progress of work, if any error appears or arises in respect of position, level, dimensions or alignment of any part of the work contractor shall at his own cost rectify such defects to the satisfaction of the Engineer\_in\_charge. Any setting out that maybe done or checked by either of them shall not in any way relieve the contractor from their responsibility for correctness and rectification thereof.

**C\_22 Precautions during works:**

The contractor shall carefully execute the work without disturbing or damaging underground or overhead service utilities viz. Electricity, Telephones, Gas, Water pipes, Sewers etc. In case disturbances of service utilities is found unavoidable the matter should immediately be brought to the notice of the Engineer\_in\_charge and necessary precautionary measures as would be directed by the Engineer\_in\_charge shall be carried out at the cost and expenses of the contractor. If the service utilities are damaged or disturbed in any way by the contractor during execution of the work, the cost of rectification or restoration of damages as would be fixed by the Engineer\_in charge concerned will be recovered from the contractor.

**C\_23 Testing of qualities of materials & workmanship:**

All materials and workmanship shall be in accordance with the specifications laid down in the contract and also as per M.O.R.T. & H's specification for Road and Bridge works (latest Revision) and relevant IS codes and the Engineer\_in\_charge reserves the right to test, examine and measure the materials/workmanship direct at the place of manufacture. Fabrication or at the site of work or any suitable place. The contractor shall provide such assistance, instrument, machine, labour and materials as the Engineer\_in\_charge may require for examining, measuring, and testing the works and quality, weight or quantity of materials used and shall supply samples for testing as may be selected and required by the Engineer\_in\_charge without any extra cost. Besides this, he will carry out tests from outside Laboratory as per instruction of Engineer\_in\_charge. The cost of all such tests shall be borne by the agency and that must be considered during quoting rate.

**C\_24 Timely completion of work:**

All the supply and the work must have to be completed in all respects within the time specified in notice inviting Tender from the date of commencement as mentioned in work order. Time for completion as specified in the tender shall be deemed to be the essence of the contract.

**C\_25 Procurement of materials:**

All materials required to complete execution of the work shall be supplied by the contractor after procurement from authorized and approved source.

**C\_26 Rejection of materials:**

All materials brought to the site must be approved by the Engineer\_in\_charge. Rejected materials must be removed by the contractor from the site within 24 hours of the issue of order to that effect. In case of non\_compliance of such order, the Engineer\_in\_charge shall have the authority to cause such removal at the cost and expense of the contractor and the contractor shall not be entitled to claim for loss or damage of that account.

**C\_27 Implied elements of work in items:**

Except of such items as are included in the specific priced schedule of probable items and proximate quantities no separate charges shall be paid for traffic control Measures, shoring, shuttering, watering, curing etc. And the rates of respective items or works are to be deemed as inclusive of the same.

**C\_28 Damaged cement:**

Any cement lying at contractor's custody which is found at the time of use to have been damaged shall be rejected and must immediately be removed from the site by the contractor or disposed of as directed by Engineer\_in\_charge at the costs and expenses of the contractor.

**C\_29 Issue of Departmental Materials:**

Departmental materials will not be issued under any circumstances.

**C\_30 Force Closure:**

In case of force closure or abandonment of the works by the Department the contractor will be eligible to be paid for the finished work and reimbursement of expenses actually incurred but not for any losses.

**C\_31 Tender Rate:**

The contractor should note that the tender is strictly based on the rates quoted by the contractor on the priced schedule of probable items of work. The quantities for various other items of works as shown in the priced schedule of probable items of works are based on the drawing and design prepared by the Department. If variations become necessary due to design consideration and per actual site conditions, those have to be done by the contractor at the time of execution at the rate prescribed in the tender condition. No conditional rate will be allowed in any case.

**C\_32 Delay due to modification of drawing and design:**

The contractor shall not be entitled for any compensation for any loss due to delays arising out of modification of the drawing, addition and alterations of specifications.

**C\_33 Additional Conditions:**

A few additional conditions under special terms and conditions:

C\_33\_1 rate quoted shall be inclusive of clearing site including removal of surplus (both serviceable & unserviceable) earth, rubbish, materials etc. As per direction of the Engineer\_in\_charge.

C\_33\_2 Rate quoted shall be inclusive of West Bengal Sales Tax, Income Tax, Octroi and all other duties, if ant.

C\_33\_3 The contractor is to display caution board maintaining I.R.C. norms at his own cost as per direction of Engineer\_in\_charge.

C\_33\_4 Deep excavation of trenches and left out for days shall be avoided.

C\_33\_5 Labour welfare Cess will be deducted @1(one) % of gross bill value as per rule.

C33\_6 The whole work will have to be executed as per Departmental drawings available in this connection at the tender rate.

C\_33\_7 Income Tax will be deducted from each bill of the contractor as per

applicable rate and rules in force.

C\_33\_8 In accordance with the West Bengal Taxation Laws (amendment) Ordinance, 1993 amending the West Bengal Finance (Sales Tax) Act, 1994 necessary S.T./GST will be deducted as per rate in force from the Bill in addition to other deduction as per extent rules.

C\_34 Refund of Security Deposit:

In respect of successful tenderers, the earnest money on acceptance of the tenders shall be converted as a part of security deposit (total security Deposit\_10%) . Balance part of security Deposit will be deducted from each bill so as to make the total amount of security equivalent to 10(ten) % of the total value of work so executed and the same will be released after one year from the date of completion of the work on due satisfaction of the E.I.C. Earnest money deposited by unsuccessful tenderers will be refunded on application to the Tender inviting Authority.

C\_35 Defect Liability Period:

Defect Liability Period for all the work is one year and will be calculated from the date of completion of the whole work.

C\_36 Specification of Work, Methodology:

Specification and methodology of works shall be as given in the Specification of Rural Roads of MORD and other relevant IRC & IS codes.
